British Columbia Custom Cutters of Quality

Western Red Cedar

ICC custom cuts large volumes of Western Red Cedar ... primarily sawn and machined in Surrey, B.C. We 'cut & run' for weeks on a monthly or quarterly basis ... both for our own inventory and for pre-sold special orders. As associated members of NAWLA, we honor the Distribution Channels and sell through the Wholesale and OEM tiers ... not down-stream. We buy our logs from Vancouver Island and the BC Coast Region, some as far north as Prince Rupert. We have our own Log Yard to utilize building and sorting Log Inventories. We are able to load flatbeds and rail cars, including export container opportunities.

Our CORE VALUE is in BIG & LONG TIMBERS. We primarily produce to a #1+Btr Appearance Timber. If the logs permit, we can 'go out' to 24 x 24 x 48' ... perhaps bigger if able.

We also offer REPEAT PROGRAM SUPPLY in our #1/Btr PINNACLE Brand of :
2x4 - 2x6 - 2x8 S4S 1/8" EE -and- 4x4 - 4x6 - 6x6 S4S 3/8" EE

We do generate #2+Btr Export Clear **Smaller Timbers**, and we are usually sawing larger volumes of various 'TK Grades' in Boards - Decking - Lumber - Smaller Timbers. Currently, not any Kiln Drying.

BOARDS, DECKING & LUMBER:

- ❑ 1x4 to 1x12 ... RGH & S1S2E
- ❑ 5/4x4 & 5/4x6 ... RGH, S1S2E & S4S EE
