Manufacturer-Direct Tropical Hardwoods

By Sabra International of Miami Beach

For over twenty (20) years, Sabra has Imported Tropical Hardwoods Direct-From-Manufacturer, sourcing through the Wholesale Distribution Channel for the U.S. & Global flooring, decking, lumber, millwork and fencing markets. This importing is primarily from Brazil, also Bolivia, Colombia, Paraguay, Peru, Guyana, Malaysia, Indonesia, China and others. We focus on forward container-truckload business with USA stocking inventory positions for just-in-time truckload backup.

Sabra's most COMPELLING ADVANTAGE is its South American Footprint, its "boots on the ground" in South America. Thanks in large part to Sabra's four (4) South American Staffed Offices (Belem, Brazil, Curitiba, Brazil, Iquitos, Peru, and Cartagena, Colombia), customers are able to enjoy hassle-free Import Services including Proprietary Manufacturer Relationships, Grading and Inspections, Ocean Deliveries and Customs Clearances, with U.S. trucking provided as needed. As a member of the International Wood Products Association (IWPA), Sabra imports from manufacturers legally harvesting logs in compliance with domestic and international laws. Further, this harvesting is from sustainable reforested tracts, and not from clear-cut rainforests, to continue a renewable resource. All business is Lacey Act compliant.

SABRA specializes in **THREE CATEGORIES** of Imported Tropical Hardwoods:

HARDWOOD FLOORING

Unfinished, Prefinished, Solid Core, and Engineered Core in species including: Jatoba, Tigerwood, Cumaru, Ipe', Amendoium, Santos Mahogany, Tiete Rosewood (Sirari), Patagonian Rosewood (Curupay), Tiete Chestnut (Sucupira), and more.

DECKING, FENCING, OUTDOOR & MARINE LUMBER
